1. When designing a disaster recovery plan, what's the first thing to figure out?

1 / 1 point

Try again

☐ How much total data you currently have

☒ What data you need to backup

☐ Future growth in data storage needs

☐ Encryption and bandwidth requirements

👍 Correct

Your grade 97.50%

2. Which of the following is an advantage of off-site backups?

1 / 1 point

☐ Data is more secure because of less outbound traffic

☒ Data is safe in case of disaster

☐ There is quicker data access

☐ There is less bandwidth usage

👍 Correct

3. What is the standard medium for long-term archival backup data storage?

1 / 1 point

☐ USB drives

☒ Magnetic tapes

☐ Optical disks

☐ Floppy disks

👍 Correct

4. Which of the following are key parts of the disaster recovery testing process? Select all that apply.

1 / 1 point

☐ Replace old hardware

☐ Update all software

☒ Run simulations of disaster events

👍 Correct

☒ Document restoration procedures

👍 Correct

5. Which backup type only backs up files that have changed since the last run?

1 / 1 point

☐ Full backup

☒ Differential backup

☐ Partial backup

☐ Incremental backup

👍 Correct

6. Which of the following are popular cloud storage platforms? Select all that apply.

1 / 1 point

☒ Apple iCloud

👍 Correct

☒ Dropbox

👍 Correct

☐ Rsync

☒ Google Drive

👍 Correct

7. What are the goals of a disaster recovery plan? Select all that apply.

0.75 / 1 point

☐ To prevent disasters from impacting operations

☒ To keep system downtimes to a minimum

👍 Correct

☐ To predict disasters before they happen

☒ To prevent significant data loss

👍 Correct

You didn't select all the correct answers

8. You are performing a network risk assessment to develop your disaster recovery plan. Which of these are examples of preventative measures? Select all that apply.

1 / 1 point

☐ Alert system for outages

☒ Regular, automated backups

👍 Correct

☒ Operational documentation

👍 Correct

☒ Redundancy solutions

👍 Correct

9. What are some benefits of a post-mortem? Select all that apply.

1 / 1 point

☒ To learn from and adapt processes for higher efficiency

👍 Correct

☒ To understand the cause of mistakes and how to prevent them

👍 Correct

☒ To foster a culture where it's OK to make mistakes

👍 Correct

☐ To punish mistakes

10. Which of the following are components of a post-mortem report? Select all that apply.

1 / 1 point

☐ All log data

☒ An explanation of resolution and recovery efforts

👍 Correct

☒ A brief summary

👍 Correct

☒ A detailed timeline of key events

👍 Correct
